

## Market Insight - Perspectives on the Swedish Architecture and Property Sectors

The Department for International Trade in Sweden in collaboration with RIBA would like to invite you to join our webinar on Wednesday, 17<sup>th</sup> June 2020

DIT Sweden and RIBA are joining forces to give UK firms an insight into the Swedish architecture and property sectors and how they compare to the UK.

A range of speakers will offer different perspectives on the market, including Fastighetsnytt, Knight Architects (UK), Tengbom (Sweden), K-Lab (Sweden) and a Swedish stakeholder from the client side (participant TBC).

The session will provide an overview of the market, and cover the role of the architect in the Swedish context, where UK architects and engineers may be able to fill gaps in the market and the experience of a UK firm in dealing with a Swedish client and other Swedish stakeholders. Some of the speakers will be UK expats, able to give unique insights into the differences and similarities in the markets.

The webinar will be a great opportunity for UK companies to learn more about the Swedish market, with insights from a variety of actors.

Please click on the registration link to sign up for the webinar. If you have any questions, kindly contact Alan Goodliffe at [alan.goodliffe@mobile.trade.gov.uk](mailto:alan.goodliffe@mobile.trade.gov.uk).

### Date & Time:

Wednesday, 17<sup>th</sup> June 2020  
13:00 – 14:30 (UK time)
